

OPPO RTA User Manual

Notice for Use

Thank you for choosing Eleaf products! Please read this manual carefully before use so as to use correctly. If you require additional information or have questions about the product or its use, please consult your local agents, or visit our website at www.eleafworld.com.

Production Introduction

OPPO RTA is a new rebuildable tank atomizer by Eleaf with an e-juice capacity of 2mL. Compact yet efficient, it not only has large build space for ease of installing coil and cotton, but also has the most airflow for huge vapor production and nice flavor. The e-juice can be refilled from the top by removing the top cap only, allowing much more convenience in use.

How to use?

1. First screw off the atomizer base and fix the pre-made or self-built coil with cotton on the atomizer base. (Note: please make sure the finally fixed coils do not come into contact with the surface of the deck and the inner wall of the air pipe.)
2. Then drip a few drops of e-juice directly into the coil to make it fully saturated before first use.
3. Next put the glass tube on, and screw the air pipe onto the atomizer base tightly.
4. Unscrew the top cap, slowly fill e-juice into the atomizer along the glass tube and screw the top cap on after filling. (Note: please don't overfill and don't fill e-juice into the air pipe; please take several puffs without activating the atomizer and leave the atomizer sit for several minutes before use.)

5. The airflow can be adjusted by rotating the airflow control ring on the atomizer base.

6. Finally put the mouthpiece on and the OPPO RTA is ready for use.

Precautions

1. Only have your OPPO RTA repaired by Eleaf. Do not attempt to repair the unit by yourself as damage or personal injury may occur.
2. Do not leave the OPPO RTA in high temperatures or damp conditions, otherwise it may be damaged. The appropriate operation temperature is from -10°C to 60°C while using.
3. Do not attempt to combine the OPPO RTA with parts from other brands of e-cigarettes. If it is damaged in this way, our company will not take on responsibility and your warranty will be void.

Warnings

1. Please keep out of reach of children.
2. This is not recommended for use by young people or non-smokers.

Warranty

We are not responsible for any damages caused by human error. Legal warranty is applied.
